

WEDNESDAY'S WEDDING.

Two Happy Couples Joined for Better or Worse Last Night.

A very pleasant wedding took place last night at the residence of the bride's parents, Mr. and Mrs. R. T. Rose, No. 313 East Third street. The contracting parties were Miss Olive R. Rose, an intelligent and estimable young lady of this city, and Mr. T. G. Murphy, general agent for the western department of Graves & Son's nursery of Sandwich, Illinois.

The bridal couple were attended by Miss Rosa Ritenour, of this city, and Mr. Alfred Dixon.

The ceremony was performed by Rev. Pugh, of the Southern Methodist church. The contracting parties took their places beneath a large evergreen wreath, bearing a pure white floral dove, and resting against a background of lace draperies and potted plants.

The bride wore a costume of cream white bengaline cloth, made with a plain petticoat, an entire tablier of cream Spanish lace. The left side was caught back with long loops and ends of cream gros-grain ribbon, and the back was in long full draperies, the basque waist was made with a pleated vest "V" shaped at the neck. Rex collar filled with duchesse lace and edged with pearl beads, sleeves and bottom of the basque to match. The corsage bouquet was of Mermott roses and pond lilies and the gloves were of cream undressed kid.

Miss Ritenour wore a cream crepe du chéin made with long full draperies and handsomely combined with cream corded plush.

After the ceremony the guests were served with delicious refreshments consisting of meats, salads, oysters, sauces, sandwiches, a variety of cakes, fruits and confections, coffee etc.

The list of presents was large and numbered among them many choice and appropriate articles.

Among the invited guests, nearly all of whom were present may be mentioned, Mr. and Mrs. T. E. Rubey, Mr. and Mrs. R. B. Donaldson, all of Kansas City; Mrs. Hattie Kling, Winona, Minn.; Mrs. Mary Rubey, Mrs. L. D. Everhart, Warrensburg; Miss Addie Thomas, Indiana; Mrs. C. Rider; Mr. and Mrs. Louis Hoffman; Mr. and Mrs. J. F. Antes, Miss Katie Antes, Mr. and Mrs. John Conner, Miss Lillie Conner; Mr. and Mrs. D. T. Chaney and family, Mr. and Mrs. Lyons, Mrs. Wear, Mr. and Mrs. Wm. Baker, Mr. and Mrs. Wm. McNulty, Dr. and Mrs. Fessler, Messrs. Zack and James Nesbit and Miss Alice Schockley, of Knobnoster; Mrs. Chas. Oglesby and daughter, Warrensburg; Mr. and Mrs. James Kimsey and C. H. Elgin, of Eldorado; J. A. Elgin Butler, Mr. and Mrs. J. F. Hawley, Mrs. Robert Allison, of St. Louis; Miss Manda rider, of Cape Girardeau, Mo., and a large number of others.

Mr. and Mrs. Murphy left on the morning train for Kansas City where they will be at home to their friends at No. 1011 Eleventh street and Grand Avenue. The BAZOO joins with friends in wishing them peace, plenty and prosperity.

Lefter-Edwards.

A very quiet but elegant affair yesterday was the marriage of Mr. James K. P. Lefter, the well-known Narrow Gauge passenger brakeman, and Miss Libbie F. Edwards, daughter of the popular South Sedalia grocerman. The ceremony took place at the residence of the bride's parents corner of Fifteenth and Osage streets, Rev. Dr. James Edmonson officiating. Only a few intimate friends and the contracting parties were present, the affair being very select. A large number of handsome presents were received, however, and the good wishes and kind messages of many absent friends were sent. Immediately after the wedding the happy couple drove to the depot and took the south-bound train to visit relatives of the groom and spend their honeymoon abroad. After a short absence they will return and commence housekeeping, making Sedalia their permanent home. They have the best wishes of the BAZOO in common with those of their many friends for their future happiness.

Damage Suits.

The following suits for damages have been entered for the January term of the circuit court against the Missouri Pacific railway.

Maggie Yopst asks \$5,000 damages of the Missouri Pacific railway company, for the killing of her husband, Geo. Yopst, on the 30 day of July, 1886.

Mary Farley asks for \$5,000 for the death of her husband on the 7th day of July 1886, from the Missouri Pacific railway company.

Adam Lovens and Margaret V., his wife, asks judgment for \$5,000 against the Missouri Pacific railway

company, for the death of their son, James D., aged 9 years, who was killed on the 24th day of November, 1885, in the yards of the company. Newton Smith asks for \$10,000 damages for injuries sustained on the 24th day of September, 1882, he being at that time a fireman on the Missouri Pacific railway.

Absalom McVey asks for \$500 from the Missouri Pacific railway company, for the loss of hay, clover, clover seed, and fences burned by said company.

Keil Captured.

Some twenty months ago, at a dance near Lincoln in Benton county, Geo. Howrey and Sam Keil became involved in a difficulty which culminated in Keils using a knife with terrible and almost fatal effect upon his antagonist, after which he fled the country leaving his victim to suffer for months back to a final recovery. \$100 reward was offered for Keils arrest, but as time wore on and Howrey recovered, the matter was dropped and the reward withdrawn. In the meantime, however, the grand jury had found a true bill for assault to kill against Keil, and the criminal docket remained a silent reminder that the ends of justice had not yet been subserved. When the recent term of court met the judge was rather emphatic in his expressions as to the duty of the officials and as a result the sheriff of Benton county came to Sedalia in search of Keil. He failed to find him but found sufficient indications to warrant him in believing that Keil was not far from the city, or if he was, would not long remain so. He therefore placed the matter in the hands of Marshal Jackson and left with him the warrant for his arrest. Once in such hands, Keil's chances for escape were slim and with his usual quiet but ceaseless vigilance, Marshal Jackson set to work to find Keil, and yesterday he was found by officer Barnett who as a sleuth hound of justice, has few superiors. Keil was at once taken to the city prison and locked up to await the arrival of the sheriff of Benton county, who was telegraphed to, and will arrive this evening.

LATER.

Sam'l B. Keil whose arrest for assault to kill Geo. Howrey in Benton county some twenty months ago, has been heretofore mentioned was taken to Warsaw by Officer Barnett and turned over to the sheriff of that county. Since the cutting, which occurred at a ball near Lincoln, Keil has been out in Kansas, where he proved up a homestead and secured his patent intending to make it his home. Keil is a young man of energy and industry, and except for his occasional spree, which lead him into difficulty, would be a model citizen in any community. Under these circumstances it is not at all strange that he should find favor with the opposite sex. Previous to his difficulty he had been paying attention to a Miss Rebecca Bowers, of this county, and after his flight they kept up a constant correspondence. By some means the Benton county authorities became possessed of this fact and it was through it that Keil was captured. After proving up his homestead and receiving his patent he quite made arrangements to come to Sedalia, obtain a license, secure Miss Bowers as his bride and returned to Kansas. But unknown to him the authorities here had learned of the fact and laid their plans to see that he did not get back so easy, once he should return within their reach. Keil, however, came, secured his license and was about to visit his enamorata when he was captured. Yesterday, as stated, he was taken to Warsaw and committed to jail. In the mean time however, his friends had heard of his capture and prepared to bail him out, which will be done as soon as the papers can be made out. A wedding will doubtless speedily follow and Mr. and Mrs. Keil will go to their new home until court meets.

"Get outen the rye, you sliktail 'possum, You can't catch a coon with a pokeberry blossom!"

Said a customer to his druggist, when he handed him a bottle of iron bitters, instead of Brown's Iron Tonic—his favorite medicine. Sold by Mertz & Hale.

Blew in His Wealth.

About two o'clock yesterday morning officer Prentice picked up on the street a rather dilapidated half-intoxicated specimen of the genus biped, who, on being taken to the cooler, stated that he belonged to the Missouri Pacific train gang and had come down from Pleasant Hill to see a comrade who was at the hospital. His story and appearance tallied, in addition to which he produced a railroad check for his months salary and about \$2.00 in cash. He gave his name as Ed. Cushman, and was locked up until daylight when he was allowed to depart. Last evening he was again taken in very drunk and minus cash and check. He will have to answer to the recorder this time.

SALVATIONISTS.

They Whooped Things up Yesterday, and in the Evening Gave a Banquet.

The Salvationists, true to their promise, had a grand consecration meeting yesterday afternoon at their "army barracks" and quite a number of new recruits were conquered and professed penitence. One old lady named Rodecker was much enthused and with the aid of Happy Adam and a few others, had the courage to henceforth declare herself a "soldier for Jesus." The meeting was addressed by Col. Dowdle, not in the finished oratory of a Wendling, but sufficiently eloquent and expressive to show an earnestness in the cause which won for him most favorable comment. After the meeting closed, the Salvationists to the number of about fifty, formed into ranks, and with drums beating and "hallelujah" song rendering, marched through the streets for the purpose of getting customers for the banquet which had been laid by skillful hands at the "barracks." The banquet was neatly spread and consisted of the most delicately prepared viands, such as meats, salads, sandwiches, cakes, coffee, fruits, etc. It was well worth the small amount of money charged for it, and as it was for the benefit of the poor, the BAZOO is glad to know it was well patronized. After the banquet the swearing in of the new recruits took place and then there was a grand jubilee of rejoicing. To-day there will be another big "hallelujah" time and at three p. m. an old "Christian's free and easy" which will doubtless be well attended. In the evening the "waves of power will shake the devil's kingdom" and for the performance the sum of ten cents will be charged. Altogether the Salvationists seem to be having a pretty good time and more and more people attend their meetings.

Horsford's Acid Phosphate.

SPECIFIC VIRTUES IN DYSPEPSIA.
Dr. A. JENKINS, Great Falls, N. H. says: "I can testify to its almost seemingly specific virtues in cases of dyspepsia, nervousness and morbid vigilance or wakefulness."

That Female Barber.

The editor of the Clinton Democrat accompanied by his friend, Mr. Andrea, was in this city yesterday, and while there is nothing particular remarkable in this fact, yet the fact the gentlemen called on the BAZOO on a rather peculiar errand has a significance. These gentlemen were hunting a barber; not a common every day, saddle colored and horney-handed male barber, but a female barber.

Somewhere they had found the following clipping and straightway their ambitious souls were fired with a desire which meant to down all competitors. This is the clipping: "There is a female barber in Sedalia, who is said to be as pretty as a picture. Her hand is as soft as velvet and she can ask you in nine different languages 'Will you have your mustache trimmed, dear?' The female knight of the razor polishes the cheeks of the editor of the BAZOO twice a day."

There was but one way to get the address of the female barber and hence the gentlemen called on the BAZOO and henceforward should these gentlemen be found coming to Sedalia semi-weekly, it will not be "on business" merely, but for the purpose of having a "hand as soft as velvet" apply the lather to bearded cheeks and hearing a dulcet voice asking them to have their "mustache trimmed." The only real trouble about the matter is that beards do not grow very rapidly in Clinton—owing to the hardness of the average citizen's cheek—and the editor and his friends were obliged to invest in a number of bottles of a preparation "warranted to make whiskers grow in two hours," while here, and they are afraid the "busted" state of their wallets will give the whole thing away when they get home. As was said before, the gentlemen will be found very often coming to this city in future, and if some morning the subscribers to the Democrat find the office closed they will make up their minds that he has not fled from his creditors, but is in this city getting shaved by the "velvet hands" of the female barber.

In Links.

Harry Miles, alias Frank Sagmond, the former proprietor of the East Sedalia skating rink had a preliminary hearing in the court of criminal correction yesterday in St. Louis on the charge of bigamy and was held by the grand jury in the sum of \$1,500. He is charged with marrying Miss Gussie Lohr of 500 South Fourth street, St. Louis, when he already had a wife in the person of Alice Miles, who resides in the north end of that city. In default of bond the gay young bigamist was committed to jail and his chances are good for remaining there.

A Slight Collision.

Yesterday morning through the mismanagement of some one of the employees quite a destructive collision took place at the depot; while No. 3, from the east, was being made up and the north bound cars being transferred. Two cars were switched in at the end of the K. & T. track, and no brakeman being upon them, they ran down the track colliding with the sleeper, which was set on her beams end and badly wrecked, the passengers were uncerimoniously dumped from their berths into the lower end of the car. For a while "confusion worse confounded" reigned supreme, but when order was brought out of chaos it was found that beyond a few bruises and cuts no damage was done to any one. The passengers were transferred to another car and sent on, and the dislodged cars sent to the shops for repairs.

"The Yawp of a Yawp."

Under the above heading the Jefferson City Tribune contains the following:

"Capt. George Parkes in command of the Salvation Army, has struck camp at Jefferson City for the winter. The captain has frequently expressed his desire to camp this winter as near satau's headquarters as possible, and likely he thinks that Jefferson City will be the nearest point to the 'infernal region' during the coming session of the legislature.—Rocheport Commercial.

Captain George Parkes and gang have concluded not to "strike" camp at Jefferson City, principally on account of the efficiency of the police force of this city, who will tolerate no vagrancy. As for the other remarks about Jefferson City and the legislature, let somebody tingle the bell softly for the "yawp" who edits the Commercial.

The last "yawp" is about as far off the mark as the first "yaps." The facts are that the Salvationists never "pitched" any camp at Jefferson City consequently they have had none there to "strike," and if they knew as little about army phrases as the above would be critics, doubtless they would have no army or company where. Captain George Parkes did intend to visit Jefferson City and pitch camp with a view to never striking it until he had made a christian of the editor of the Tribune. He was not however deterred by any fear that the intelligent and efficient police of the capital city would be as unable to distinguish between a christian gentleman and a vag as the editor of the Tribune intimates, but he was deterred by a serious illness caused by over work, and is on his way to friends and change of climate in Wisconsin. It is to be hoped he will recover and yet be able to persuade even a capital editor to "almost believe."

A Blizzard Coming.

A heavy storm, followed by a blizzard and very cold weather will be due on this meridian on December 22nd or 23rd, and will reach the Mississippi river between St. Louis and St. Paul within these dates, says Prof. Foster, the Burlington Hawkeye's prognosticator. The location of the cold wave, says he, depends on the location of the storm, as it cannot go much south of the storm center, and if the storm passes north of Burlington the cold wave will come in after the storm and will not be severe, but if it passes south of Burlington the cold wave will reach here earlier and be intense.

The following is the prediction of the goosebone for the balance of the winter: "After the 18th of December there will be a few days of nice weather. The Christmas holidays will be attended with cold weather and snow. January will come in cold and blustery. About the 10th there will be a storm followed by extremely cold weather. It will be the coldest month for years. February will come in cold, but the weather will soon moderate and the remainder of the month be comparatively pleasant."

"Poor Old Sedalia."

"Boonville, Lexington, Jefferson City, Versailles, Clinton and other neighboring places are at present enjoying a boom from contemplated railway construction, but what of Sedalia? Can Messrs. Chappell, Sampson and Crandall answer?—Sedalia Democrat."

The above from the Jefferson City Tribune clipped from a "responsible" city paper, is only one of the many specimens daily seen in exchanges which come to this office and go to show how much injury may be done by a paper when ignorance or malice guides its pen. So far as Sedalia is concerned her people know her interest and they are being looked to in a proper and careful manner and if the Democrat desires a greater boom, the proper way to secure it is to put her shoulder to the wheel and not traduce those who are already there by statements concerning things it knows nothing about.

RAILWAY RACKET.

A Budget of Local Information for the Especial Benefit of Railway Men.

—George Gould denies that a line is to be constructed from Hannibal to Chicago by the Missouri Pacific company.

—The Lawrence Journal says: "It is our opinion that Jay Gould will soon own the Kansas, Nebraska and Dakota railway."

—Topeka has offered the Rock Island road twenty acres of land near the city and valued at \$10,000, for the location of the new shops.

—The Colorado pool association met in Omaha yesterday and began work on the new rate sheet in which passenger fares, after January 1, are reduced.

—The Santa Fe road will erect a general hospital at Topeka. The location is on South Kansas avenue and the building will be large enough to accommodate 100 patients.

—Two cars of silver ore from Mexico passed through Parsons on the Missouri Pacific yesterday en route to the smelting works at St. Louis. The ore was tied up in sacks and the doors of the cars were locked and sealed to guard the precious stuff from loss.

—James E. Dryden, a prominent stock raiser of Troy, Kansas, was driving to St. Joseph Wednesday in a buggy and, while passing through a cut in the road, watched a train coming on the track of the Chicago, Kansas & Nebraska road. Suddenly a freight train bore down on him and his buggy was struck. He was instantly killed. He was worth \$40,000.

President and general manager Barnard, of the Ohio and Mississippi, has issued a circular letter, which has sent out, asking that all O. and M. cars be promptly returned to the O. and M. road, as the company is suffering for the want of cars. Mr. Barnard says in his circular that some of the O. and M. cars have been absent from one to ten or twelve months, and that there seems to have been an impression abroad that O. and M. cars might be properly used anywhere that they can be run to a junction point with the Baltimore and Ohio road.

A private telegram resealed in this city yesterday stated that the body of Peter F. Clinton, who died at San Bernardino, Cal., Sunday morning, would arrive in the city to-night. Mr. Clinton was for many years division superintendent of the Kansas City, Fort Scott and Gulf road in this city. He resigned August 1st, and went to Denver for his health. His disease was consumption. He had only been in San Bernardino about a week when he died. He leaves a wife, daughter of the late Captain Vaughn, of this city, who was with him when he died. A meeting of his former employees, friends, and railroad companions will be held at the railroad Y. M. C. A. rooms in the union depot to-night to make arrangements for attending the funeral in a body. The remains will be buried from his mother's house at 1408 Joy street.—Kansas City Times.

Look For Yourself.

—Be ware of slow-acting imitations of Benson's Caprine Plasters. Word caprine cut in the genuine.

The Bachelor.

The ladies' Bazar is still booming, and the midday lunch to be found there is quite popular. The attendance last night was large and among those who paid their respects to the "bachelor" were Mr. and Mrs. Arthur Maltby, Mr. and Mrs. Feid Geunther, Dr. and Mrs. McCloney, Mrs. Parsons, Mrs. Babcock, Mrs. Feischman, Mr. and Mrs. D. J. Wheeler, Miss Aggie Stewart, Miss Florence Hagar, Mesdames Stewart, Hagar, and many others. The guesses to the "bachelors" identity were very conflicting as may be seen the names mentioned being those of Jno. Barrett, Tom Kehoe, Harry Sharp, Gus Lamy, Prof. Lucy, Charlie Parker, Jno. Scott and Lee Byler. Mr. Sharp led the van.

George Mackey inspecting the "bachelor"—"I'll bet two dollars that's Lee Byler."

Sam Ballard—"Good Lord!" hasty flight of L. B. in mortal terror.

Said a well known as well bored lady visitor, "I'm not sure that the 'bachelor' is my brother but he is very much like him."

Earnest Faulhaber—"Is it alive? it looks like Will Mackey."

Old lady from the country—"Well I've heard tell of the SEDALIA BAZOO, a great many years but this is the first time I was ever in it."

Advice to Mothers.

Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays all pains, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle. 7-31eodwly

IT IS WONDERFUL.

how easily rheumatism begins, and how insidiously it grows in the system, until one is startled to find himself its victim in either the acute or chronic form. He then learns the fearful tenacity of its grip and the utter powerlessness of the ordinary remedies to give relief.

Probably to no disease have physicians given more study, and none has more completely baffled their efforts to provide a specific; and until Athliphoros was discovered there was no medicine which would surely cure rheumatism, neuralgia and nervous or sick headache. Thousands of testimonials like the following prove beyond question that Athliphoros is the only reliable remedy, and that it will do all that is claimed for it.

Englewood, Kansas.

Athliphoros has done me more good than all other medicine put together, for I was a great sufferer from rheumatism and neuralgia, and can say to-day, I am free from both complaints. MRS. MARIA STONE.

W. S. Hopkins, 179 C. Avenue, Cedar Rapids, Iowa says: "My wife and daughter were both stricken with inflammatory rheumatism at the same time. The lower limbs were much swollen; the pain seemed much beyond endurance; sleep was out of the question; they suffered so much that to move or even touch the sheet on the bed would cause the most violent pain. They were confined to the bed four weeks. During that time and previous I bought many kinds of medicine, then I employed a physician, but nothing gave relief until I heard of Athliphoros. I bought a bottle at once, and am glad to say in a very short time the swelling was reduced, the pain gone, and they were entirely well."

Every druggist should keep Athliphoros and Athliphoros Pills, but where they cannot be bought of the druggist the Athliphoros Co., 112 Wall St., New York, will send either (carriage paid) on receipt of regular price, which is \$1.00 per bottle for Athliphoros and 50c. for Pills.

For liver and kidney diseases, dyspepsia, indigestion, weakness, nervous debility, diseases of women, constipation, headache, impure blood, etc., Athliphoros Pills are unequalled.

Charley is Caged.

Yesterday Officer Shobe swore out an information before the prosecuting attorney charging John Parker, alias Texas Charlie with feloniously attempting to set fire to and destroy the city hall building. Texas was at once taken from the calaboose and brought before Justice Fisher who set his case for a hearing on next Monday and fixed his bail at \$800 in default of which he was sent to jail. The charge against Parker is attempt at arson in the first degree, the minimum penalty for which the statutes fix at five years in the penitentiary. Texas has long made himself a terror and nuisance, growing from bad to worse, and the police have come to the conclusion that the best way to prevent him from taking the life of some innocent person is to transfer him to the safe keeping of the state. The attempt at Arson occurred last Monday night when Parker, who had been incarcerated for one of his usual drunken hurrahs, divested himself of coat, vest and shirt and piling them in the corner of his cell, started a lively blaze. But for the timely arrival of officers, who were brought to the scene by the loud cries of the inmates, the building would have been destroyed together with the prisoners and the city records and books. The prison was filled with a dense smoke when the officers rushed in and unlocking Parker's cell dragged him out though he fought vigorously to prevent it. The fire was extinguished and everything combustible removed from it. Parker was then carefully searched and replaced in the cell, swearing he would yet burn the building. Finding himself without means to start a fire, however, he proceeded to break down the hydrant and tear out the water pipes and was only checked by a threat to tie him up.

A Grinding Monopoly.

One of the worst monopolies that curses the state of Kansas is the school book fraud. Year after year, as the prices of nearly everything decline, and the cost of publishing is lessened, instead of a reduction in the price school books are actually higher than during war times. There is a remedy for this state of affairs and the legislature of Kansas should apply it. Heretofore we have always opposed the plan of the state supplying school books and even now we admit that there are objectionable features in this plan, but we have grown weary with waiting for the publishers to do the fair thing, and we hope now that the state will go into the school book business and furnish the books (as can be easily done) for about one-third of the present cost.—Olathe Democrat.

—No matter what parts it may finally affect, catarrh always starts in the head, and belongs to the head. There is no mystery about the origin of this direful disease. It begins in a neglected cold. One of the kind that is "sure to be better in a few days." Thousands of victims know how it is by sad experience. Ely's Cream Balm cures cold in the head and catarrh in all its stages. Not a snuff nor a liquid.

Bargains in Pianos.

I am determined to sell and will cut!!! prices to make a clean sweep by New Years. NOW! NOW! NOW!!! Every piano and organ must get up and go so as to make plenty of room for the new stock to arrive. Now is the time. See Central Missouri Music House, 112 East Fifth street. WM. SHARP.
